

Kinghorn Lifeboat Station

Crew Profile

Craig Stokes

Boat Crew/Tractor

- Age: 37
- Years RNLI Service: <1
- Profession: Mechanical Supervisor
- Work place: Mexico/USA
- Family: Married
- Other Interests: I enjoy spending my leave time with my wife and 2 daughters, walking the dog, and watching all forms of motorsport.
- Why do I volunteer? I had hopes of joining the RNLI for a number of years, and the stemmed from my time in Kinghorn Sailing Club aged 15.

I felt reassured that the RNLI had my back if I got into trouble, I thought it only right to give something back when the time was right, I replied to a recruitment drive on Facebook, and have never looked back.

The Kinghorn RNLI station has been able to accommodate my work shifts when I'm away for a period of time, so it shows you don't need to be sitting on the edge of the sofa waiting for the pager with no time for social or family life.

Step out your comfort zone, learn new skills and get the adrenaline pumping, join the Team!
